ANNUAL REPORT

OF THE

SANITARY CONDITIONS

OF THE RURAL DISTRICT OF

VAYNOR AND PENDERYN

IN THE COUNTY OF BRECKNOCK

FOR THE YEAR

1954

J. TATE, M.B., B.CH., M.R.C.P., D.P.H.

MEDICAL OFFICER OF HEALTH

— — — — —

VAYNOR AND PENDERYIN RURAL DISTRICT COUNCIL.

Chairman : 1954 - 5.

Councillor H. T. HAMER, J.P.

Members:

Councillor M. BYRNE.

" T. G. DANIEL
" C. I. DAVIES
" EDWARD HARRIS
" M. R. HAVARD
" PENRY LEWIS
" D. G. JONES
" F. D. JONES
" W. J. MORGAN.

Clerk :

RONALD H. ROSE. Esq.,
47A, High Street, Merthyr Tydfil.

Medical Officer :

JAMES TATE, Esq., M.B., B.Ch., M.R.C.P., D.P.H.,
47A, High Street, Merthyr Tydfil.

Sanitary Inspector :

S FENCER P. HARRIS, Esq., M.S.I.A., A.R.S.I.
47A, High Street, Merthyr Tydfil.

Treasurers :

BARCLAYS BANK LIMITED :
Merthyr Tydfil.

To the Chairman and Members of the
Vaynor and Penderwyn Rural
District Council.

Gentlemen,

I have the honour to present the Annual Report on the Health and Sanitary Conditions, and the Vital Statistics relating to the Rural District for 1954. The Report is submitted in accordance with the Circular issued by the Ministry of Health.

I wish to tender my thanks to the Members of the Council for their helpful consideration and co-operation in all matters affecting Public Health; and also the Officers of the Council for their help in all matters appertaining to the duties of the Health Department.

The housing problem is still a very serious matter. A large percentage of the existing houses, particularly in the Cefn Cood area, are occupied by more than one family, and there are a large number of sub-standard houses which should be considered for demolition action, when conditions permit.

The Council is energetically pressing on with the building of new houses; the chief difficulties being the shortage of skilled labour and building materials. The number of post-war houses erected in the area to the end of 1954 is 465, of these, 74 were erected during 1954. The number under construction at the end of the year being 79.

The factories and coal-mines of the adjoining County of Glamorgan absorb the majority of our work-people, but a number are employed in factories or work-places within the boundaries of this Rural District. The work-people in the more agricultural part of the District are mainly employed in farming, forestry or quarrying.

The health of the District during the year has, on the whole been good. No outbreaks of food poisoning have been notified and there has also been an absence of any serious outbreaks of infectious diseases. The majority of deaths during the year were again in the higher age groups.

The incidence of Pulmonary Tuberculosis has again been low and infectious cases have been promptly isolated by the Chest Physicians of the Welsh Regional Hospital Board, chiefly at Cimla Sanitorium and the Mardy Isolation Hospital.

In one case only, in which an aged man was wandering abroad without suitable habitation, was it necessary, during the year to take Court action, under Section 47 of the National Assistance Act, 1948. This case had been dealt with during 1953 but it again found necessary to remove him to a Welfare Home.

I am,

Yours faithfully,

J. TATE,

Medical Officer of Health.

BOUNDARIES.

PARISH OF VAYNOR - East Side. The Taf Fechan River from its junction with the Taf Fawr River as far as the junction with the Car Brook.

North Side. From the Car Brook to the junction of the Llysiog Brook with the Taf Fawr River.

West Side. The Taf Fawr River from its junction with the Taf Fechan River to the junction of the Llysiog Brook and the Taf Fawr River.

PARISH OF PENDERYN - East Side. The taf Fawr River from the Ffirwd Brook to Nantygourgan.

North Side. From Nantygourgan, where it joins the River Hepste, to the junction of the Rivers Hepste and Mellte, and from the River Mellte to Dinas Rock.

South Side. From Dinas Rock, following Cwmnant Brook to the Cynon River near Lletty Rhys, and the Cynon River as far as the junction of Nant Hir at Cwm Ynys Mwn Tan, and following Nant Hir Brook to Nant Ffirwd Brook to its junction with the Taf Fawr River.

PARISH OF YSTRADFELLTE - North Side. From Carn-yr-Onen to Nant-yr-Eira.

South Side. From Heol-las to Sced Eira, and along the Afon Mellte to the Bridge at Pontneathvaughan.

East Side. From Nant-yr-Eira to Blaen Hepste and along the River Hepste to Heol-las.

West Side. Afon Nedd at Pontneathvaughan Bridge to Nant-yr-Bryn and Nant-yr-Bryn to Carn-yr-Onen.

TOPOGRAPHY.

The Rural District comprises the three Parishes of Vaynor, Penderyn and Ystradfellte, in the County of Brecon. The Parish of Ystradfellte, which had been administered by the Neath Rural District Council, was added to this Rural Authority by a Review Order of April 1st., 1934.

The three Parishes comprised in this Rural District are of considerable extent. The total area being 39,271 acres, or over 61 square miles, with an average length of 8 miles and a width of about 12 miles. They are situated on the Southern Boundary of the County of Brecon, and adjoin the districts of Neath, Aberdare and Merthyr Tydfil, in the County of Glamorgan. They form four valleys in the foothills of the South escarpment of the Brecknockshire Beacons, with high table-lands between.

THE PARISH OF VAYNOR comprises two valleys running northwards towards two spurs of the Brecknock Beacons, and the PARISH OF PENDERYN consists of high table-land adjoining and emerging towards the same mountainous area. These Rural Parishes are only separated by the narrow streams already mentioned from the County of Glamorgan, and the important populous Urban Districts of Aberdare and Merthyr Tydfil on the South. The PARISH OF YSTRADFELLTE presents similar physical features extending from the rugged Van Mountains to the north, covering a rough hilly table-land intersected by two very narrow valleys converging towards an apex at Pontneathvaughan.

ELEVATION.

The district, as a whole, is at a great elevation above sea level, varying from 263 feet to no less than 2,250 feet; it will be realised that the nearly 40,000 acres contained in the area includes a considerable amount of sparsely inhabited mountain land. In the parish of Vaynor, the levels extend from 645 feet near Cefn Bridge to 1,612 feet at Twyn-y-Croes on the mountain above Cwm Glais. Penderyn Parish presents levels varying from 588 feet at Cynon Bridge, Hirwain, to 1,376 feet at the top of Twyn, Cadlan, while the Parish of Ystradfellte contains such extreme variations of level as 263 feet at the Bridge at Pontneathvaughan, and 2,250 feet near the top of Fan Fawr, which is partly in the Parish.

CLIMATE.

The proximity of the well-known range of mountains known as the Brecknock Beacons, accounts for the rather heavy rainfall that prevails. Some of the largest reservoirs in Wales are partly in the Rural District.

VITAL STATISTICS

BIRTHS. The Births registered in the District in 1954 numbered 81 (male 32 and female 49). The Annual Birth Rate for 1954 was 13.72 per thousand of the population, compared with 14.59 in 1953 and 14.75 in 1952. The Annual Birth Rate for England and Wales for 1954 was 15.2 compared with 15.5 for 1953 and 15.3 for 1952.

STILL BIRTHS. One female still birth was registered in the area during the year. The rate per thousand of the population being 0.17 compared with 0.509 for 1953 and 0.257 for 1952. The rate for England and Wales per thousand total live and still births for 1954 was 23.5 compared with a rate of 12.2 per thousand live and still births for this area during the year.

DEATHS. There were 68 deaths assigned to this area during 1954; of these 42 were male and 26 were female. This figure takes into account 20 inward transferable deaths. The death rate for 1954 was 11.56 per thousand of the population, compared with 12.86 for 1953 and 12.69 for 1952. The death rate for England and Wales for 1954 was 11.3 per thousand of the population, compared with 11.4 for 1953 and 11.3 for 1952.

DEATHS OF INFANTS UNDER ONE YEAR OF AGE. One male and one female infants under the age of one year died in this district during 1954. The causes of deaths were as follows :-

- | | | |
|--|------|--------------------------------------|
| Over one month and
under three months. | (i) | 1(a) Acute Gastro-
enteritis. |
| Over three months and
under six months. | (ii) | 1(a) Bilateral
broncho-pneumonia. |

The number of deaths recorded under this heading is one less than last year, and the infant mortality rate for the year has decreased from 34.88 in 1952 and 1953 to 24.69 per 1,000 live births. The rate for England and Wales during 1954 was 25.4 per thousand live births.

DEATHS UNDER ONE YEAR FROM
DIARRHOEA. One female death was recorded under this heading
during the year.

DEATHS FROM PUERPERAL SEPTICEMIA, ETC.
There were no deaths notified from a Puerperal cause during
the year.

DEATHS FROM CANCER. The number
of deaths from all forms of cancer decreased from 11 last year
to 10 in 1954. Of these seven were male and three were female.
The percentage of total deaths being 14.71 compared with 14.86
for 1953 and 12.16 for 1952.

DEATHS FROM TUBERCULOSIS. For
the second year in succession no death were notified from this
cause. The percentages of total deaths for 1952 and 1951 were
1.35 and 1.12 respectively.

DEATHS FROM HEART AND ARTERIAL
DISEASES. There were 40 deaths under this heading notified
during the year. Of these 25 were male and 15 female.
These deaths accounted for 58.82 per cent of the total deaths
during the year, compared with 44.59 for 1953 and 52.7 for
1952.

DEATHS FROM BRONCHITIS. Three
male deaths were recorded under this heading during the year.
The percentage of total deaths being 4.41 compared with 9.46
for 1953 and 6.76 for 1952.

HEALTH SERVICES FOR THE AREA.

AMBULANCE FACILITIES. The

Brecon County Council administer the ambulance services of the area under the National Health Act, 1946. The Health Department of the County Council have made arrangements with neighbouring authorities to provide ambulance facilities for our area as follows :-

Parish of Vaynor	-	The Merthyr Hospital Board.
Hirwaun, Ponderyn and Ystradfollyte	-	The Glamorgan Hospital Board.
Pontneathvaughan	-	The Neath Hospital Board.

Infectious Disease cases in our area utilise the services of the Mardy Isolation Hospital, Merthyr Tydfil and the Cyma Hospital, Neath.

NURSING AT HOME. This work, which was undertaken by Voluntary Nursing Associations until 5th July, 1948, is now carried out by the County Council.

CLINICS. Clinics are still administered by the County Council, and clinics for expectant mothers and Infant Welfare are held at Cefn Cood and Hirwaun.

HOSPITALS. There are no hospitals in the Council's area, but we are fortunate in having hospital facilities in the adjoining urban areas of Merthyr Tydfil, Aberdare and Neath.

LABORATORY SERVICES. An arrangement has been made for the services of the Public Health Laboratories of the Institute of Preventative Medicine, The Parade, Cardiff, to be utilised for all chemical and bacteriological analyses and examinations required by this Authority.

WATER SUPPLY. The district, which has several supplies of piped water, has, on the whole, been satisfactorily supplied with water. Cefn Cood, in the Vaynor Parish, is supplied from the mains of the Taf Fochan Water Supply Board, as is the greater part of the Vaynor Parish.

In the Parish of Penderyn, Hirwaun is supplied by the mains of the Aberdare Urban District Council. At Penderyn, the water is pumped from the Cadlan and Ogof Fawr regions. This supply is chlorinated at the Cadlan pump-house by means of a semi-automatic apparatus installed in 1944.

During the year 1951, an alternative supply from the Llyged Cynon Borcholte was connected up to the existing mains at Penderyn, thus ensuring a clean and wholesome supply of water during periods of drought.

Bontnoathvaughan, in the Parish of Ystradfellte, is supplied by the mains of the Neath Rural District Council. Unfortunately however, the upper portion of the Parish, which includes the small hamlet of Ystradfellte, a School, and some 45 scattered farms, has no main piped water supply. A scheme has now been prepared to provide subsidiary mains connected to the existing Neath Rural District Council's mains, which will provide a suitable and satisfactory supply to the farms and houses in the Ystradfellte area. An extension of the Neath main will also be provided in the Colbron district of our area.

It is essential that a piped supply be brought into these areas, to ensure, that a wholesome supply of water be available to milk producing farms, as well as to farm-houses and cottages. In the past year some three farms have been connected to these mains.

During the year samples of water were taken for bacteriological and chemical examination from Council mains and also from farms.

DRAINAGE AND SEWAGE DISPOSAL WORKS. The Council has provided efficient drainage and sewage disposal works for the whole of the area with the exception of the small hamlet of Ystradfellte. The disposal of sewage from the Hirwaun district is undertaken by the Aberdare U.D.C. under a joint scheme, and five other separate systems of sewage disposal are operated by this Council.

REFUSE COLLECTION. Refuse is collected in the Cefn Coed, Hirwaun, Trofochan, Penderyn and Pontneathvaughan districts three times a week; twice a week at Pontsticill; and once a week at Ystradfellte.

REFUSE DISPOSAL. The refuse collected in the area is tipped at Gilsenws, Cefn Coed, the Upper Pandy, Hirwaun, and at Dinas Brook, Pontneathvaughan. At the present time refuse is being tipped in the old quarry at Gilsenws, Cefn Coed, and the tip is being built up to conform with the slope of the mountain. Care is being taken to ensure that the refuse deposited does not become a breeding place for vermin. The surface of the tip is dressed regularly.

The tipping of refuse at the Upper Pandy, Hirwaun, fills in the gaps and holes in the tips of the Old Pandy Iron Works. It will be necessary, in the near future, to obtain a new tipping site for the Hirwaun area.

SLAUGHTER-HOUSES. There are no slaughter houses in the Council's area. All meat for human consumption in this area is supplied from the slaughter houses situated in adjoining areas.

COTTAGE PIGS. The slaughter of cottage pigs for home consumption is still permitted, under the Regulations, to be carried out on owners' premises.

The majority of the carcasses of pigs slaughtered during the year were examined, and all were found to be satisfactory.

FOOD AND DRUGS ACT, 1938. A close inspection is made of meat and other foods sold in retail establishments in the area. Two hundred and eighty five visits were made to butcher shops, food retailers, fried fish shops, ice-cream premises, cafes and public houses during the year.

Condemnation certificates are issued in respect of foodstuffs condemned in our area, in accordance with the various Food Regulations issued by the Ministries of Food and Health. The following articles of food were condemned during the year, as being unfit for human consumption :-

Cow's Head	25.lb.	Choose	11.lb.
Bacon	15.lb.	Cake Mixture	6.lb.
Corned Beef	(tinned)	37.lb.	Marmalade	(tinned)	13.lb.			
Crossed Beef	...	"	4.lb.	Lemon Curd	...	"	14.lb.	
Cooked Ham.	...	"	30.lb.	Plums	...	"	47lb.	
Stowed Steak	...	"	9.lb.	Apricots	...	"	3lb.	
Ox Tongue	...	"	18.lb.	Pears	...	"	7lb.	
Beans	...	"	6.lb.	Peanos	...	"	1.lb.	
Tomatoes	...	"	9lb.	Pineapple Rulp	...	"	2 tins.	
Evaporated Milk (tinned) 12 pints @ 1.1b.								

LICENSED PREMISES. Visits have been paid to all the licensed premises in our area, and it is pleasing to note that improvements continue being made to raise the standard of these premises in every possible manner.

Every house is endeavouring to utilise the provision of proper facilities for cleansing glasses and utensils, and serving refreshments in an hygienic manner.

The sanitary accommodation of these premises has been improved, and it is hoped that in the near future all will have suitable and sufficient sanitary accommodation and a constant supply of hot and cold water.

FARMS, DAIRIES AND COWSHEDS. Since the 1st October, 1949, the Ministry of Agriculture and Fisheries has been responsible for Farms, Dairies & Cowsheds, under the Milk and Dairies Regulations, 1949. The Local Authority, therefore, have no control over the inspection of these premises, other than under the Infectious Diseases Regulations and the Tuberculosis Acts. The Local Authority is, however, responsible in dealing with the water supply to the farms and, in this connection, the County Agricultural Executive Committee has co-operated in endeavouring to supply a piped water supply to the farms.

MILK SAMPLING. The milk produced in the area is mainly collected and transported to milk factories where it is pasteurised. This milk is tested and examined on arrival at the factories by the laboratories attached.

During the year eight samples were taken from retailers and producers for bacteriological examination and keeping qualities. All of the samples taken proved to be satisfactory.

It is to be hoped that with the provisions of the Milk & Dairies Regulations, 1949, being enforced, that the standard of the milk supply will be raised to an even higher level.

PREVENTION OF DAMAGE BY PESTS

ACT, 1949. Under this Act, the Local Authority is responsible for the survey of the whole area in relation to infestation by rats and mice. These duties include the inspection and survey of farm lands and agricultural undertakings. It is to be noted that in relation to the actual work on agricultural holdings, that the dis-infestation is carried out by the Pest Control Department of the County Agricultural Executive Committee. It is an obligation on the part of occupiers of lands to notify the Local Authority of the presence of vermin. This is an unwieldy procedure and, to my mind, could be simplified by giving the Local Authority the power to deal with agricultural land in the same manner as they deal with other public and private properties within the area.

The work of surveying and inspecting the district has been carried out, under the supervision and direction of the Sanitary Inspector. A full-time Rodent Operator is employed in the Sanitary Inspector's Department and he is, at certain times of the year, assisted by temporary employees.

The sewer systems in the Local Authority's area have, in accordance with the provisions made by the Ministry of Agriculture and Fisheries, been treated twice during the year. These maintenance treatments have been carried out out in conjunction with surface properties.

This area, being of a rural character, has necessitated a close watch being kept on infestation of river banks and culverts near villages. The refuse tips in the area have been dealt with at regular intervals and are inspected weekly to prevent any infestation occurring or remaining on these lands. This work, on refuse tips, is also maintained in the region of the Sewage Disposal Works, where no major infestations have been found during the past year.

During the year, special attention has been paid to premises where food is stored or prepared for human consumption. These premises are visited regularly, and it is pleasing to note that few complaints are received, or evidence found, of infestation in such premises. The occupiers of these premises are aware of the damage likely to be caused by rodent infestation and have taken great care to keep their premises in a satisfactory manner.

FOOD & DRUGS ACT, 1938 -

SECTION 15. Byo-laws, under Section 15 of this Act, have been adopted and brought into operation by this Council.
